

Kinetic Letters® - Holding the pencil - Pick-up and Checks

The Pencil Song

Pencil Pick Up Song in 2 parts:

Part 1. Pencil Pick Up

- (1) 
You get your Hol-ding Fin-gers rea-dy and pick your pen - cil up.
- (2) 
You tip it back to lay a-cross your hand.
- (3) 
You put your Pil-low Fin-ger un-der to keep poor Cur-ly safe.
- (4) 
That's your 3 Friends Hold.

Part 2. Pencil Checks

- (1) Hol - ding fin-gers op-po-site. (2) Can_____ you see some green leaf?
- (3) Pil - low fin-ger un-der. (4) Pen back,(5)wrist bent,(6)hand rests down.

Finishing position of Pencil Checks 5 and 6 'wrist bent, hand rests down'.

Hand rests down

5: Wrist bent

This slightly bent wrist creates an angle between the back of the hand and the straight line of the forearm to enable movement of the thumb.

6: Hand rests down

The side of the hand and the Resting Fingers provide support so the 3 digits around the pencil are free to manipulate it.

Pencil Pick Up

★ **Teach each of the 4 steps separately before combining them.** This is time well spent, as an accurate Pencil Pick Up ensures the correct tripod grip, which in turn enables the 3 hand functions of dexterity, manipulation and stability.

Step 1 - ensures only the 2 digits best at dexterity will operate the pencil.

Step 2 - ensures the pencil will be supported, so the holding fingers do not tense.

Step 3 - places the Pillow Finger under, so that pencil can be manipulated.

Step 4 - ensures the hand rests down to provide stability.
